ANOTHER PACT TO BE SIGNED

Near-Eastern Powers Show Some Apprehension

London, To-day. A four-power pact will be signed at Teheran, probably on January 1, by the Foreign Ministers of Turkey, Iraq, Afghanistan, and Iran, according to a statement to the press made here by the Afghan Foreign Minister, whose entourage said that the most troublesome international situation rendered the enforcement of the pact most imperative. —Reuter.

BANISHMENT OF WAR

Pan-American Parley In Buenos Aires

Buenos Aires, To-day. Throngs estimated at 500,000 gathered to welcome President Roosevelt when he arrived to open the Pan-American Peace Conference to-day. An United States official, broadcasting, said: "The conference will be a meeting of 21 friendly nations to discuss what to do if an epidemic of war breaks out; as well as to make sure the war shall not break out in this hemisphere." —Reuter.

FUTURE PROSPECTS IN CHINA

BRITAIN'S JOB TO RENDER HELP

London, To-day.

The banquet of the China Association was held last night, there being the largest attendance for many years. Lord Winterton presided and the chief guests were the Chinese Ambassador, Sir Frederick Leith-Ross, Mr. W. M. Kirkpatrick, Mr. Adrian Moreing, Sir Alexander Cadogan, Sir John Caulfield, Lord Kennet of Dene and Lord Almes. Sir Frederick Leith-Ross, in a speech, paid a tribute to the success and smoothness with which the managed paper currency was working in China, and recalled that paper currency had circulated throughout China at the time of Kubla Khan.

Referring to the attempt to adopt direct taxes, he said that before there could be an acceptance of that principle by the foreign communities the administration must ensure confidence in its fairness and competence. British traders, however, must not seek to perpetuate the immunities which they enjoy, but consider China's fiscal needs in a constructive spirit.

The gift has been accepted. The place at which the head will be set up is under consideration. —British Wireless Service.

BLAZE WATCHED BY THOUSANDS

FLAMES VISIBLE FROM BRIGHTON

MEMBERS OF ORCHESTRA HAVE VERY NARROW ESCAPE

London, To-day. There was a serious fire at the Crystal Palace last evening. The flames were seen and the crashing of woodwork and glass was heard miles away. Thousands watched the blaze. The roof of the central transept collapsed with a crash audible a mile away. —Reuter's Bulletin Service.

London: The Crystal Palace fire spread with astonishing rapidity, due to the wooden floors and window-frames. Within 20 minutes the centre part of the building, including the roof and the famous west transept, had crashed with a noise audible a mile away, and within an hour the north tower collapsed. The whole structure is doomed. At 7:30 p.m. the Crystal Palace orchestra was rehearsing when a girl employee to the Palace, told the musicians that a small fire had broken out but was not dangerous. But five minutes later the flames burst in and the orchestra had a very narrow escape. A large section of the population of London flocked to the scene, blocking the roads and impeding the fire-engines, which responded in unprecedented numbers.

The Crystal Palace, among other things, was the cradle of television, and the whole Baird television apparatus, worth many thousands, has been destroyed. The Members of the House of Commons, eight miles away, watched from the terraces of Parliament, reflected in the glow.

Fagg, above, the Kent batman, scored 112 in 226 minutes against Queensland, thus recording his first century of the tour. He and Barnett (259) added 255 runs for the first wicket.

Vienna, To-day. The refusal of Austria to join the German-Japanese Pact was expressed by Chancellor von Schuschnigg in the course of the conversations with the Hungarian Premier and Foreign Minister, MM. Daranyi and von Kanya, yesterday. Dr. von Schuschnigg's statement was made in reply to a suggestion by M. Daranyi that Austria and Hungary should jointly enforce an anti-Communist bloc.

WAGE-EARNERS AS SHAREHOLDERS

Lord Nuffield's New Scheme

London, To-day.

Lord Nuffield announced yesterday a scheme by which he will part with £2,125,000 of his interest in the vast organisation comprising nine motor manufacturing companies at Oxford, Coventry and Birmingham of which he has control, to create a fund under which wage-earners employed in these businesses will share in the profits.

For this purpose he is conveying into the hands of trustees 1,000,000 units of the recently-marketed stock of Morris Motors, Ltd., the dividends upon which will be utilized to build up a fund for distribution among the employees. He said: "The scheme means that the men will become ordinary shareholders of the concern." —British Wireless Service.

SUCCESS CLAIMED BY MILITIA

ARMISTICE REPORTS DENIED

NEUTRAL ZONE BOMBED BY INSURGENT PLANES

Valencia, To-day.

The Government forces deny that the insurgents have been successful west of Madrid and claim that the Militia advanced several miles in the course of a counter-attack yesterday. At the same time they state that the Government columns on both banks of the Tagus, 50 miles south of Madrid, are in a position to attack the insurgent communications. The Government also claim successes in the province of Santander and allege that a force of Militia is operating only 40 miles from the rebel capital of Burgos and have occupied several villages and killed 200 rebels. The Government troops claim a success on the Malaga front, repelling an attack by the insurgents with the loss of 40 men killed and 60 wounded. According to a Talavera message, the insurgent headquarters have categorically denied that General Franco has proposed an armistice to the Government at Valencia. —Reuter.

London, To-day. The latest reports of the Spanish war indicate that the Government forces are more than holding their own. A Madrid Defence Committee communiqué says that the enemy's continued pressure on the central front has been repulsed, and the Foreign Minister, Senor del Vayo, who has arrived from Valencia, announces that the results of the recent operations are exceedingly satisfactory. The Bilbao radio last night declared that a brilliant series of surprise moves by the Militia 30 miles to the south of Madrid destroyed a long stretch of the insurgents' lines at Sesena and brought them within striking distance of Toledo.

"CHINA MAIL" SPECIAL

London, To-day.

Replying to an interpellation in the House of Commons yesterday, as to whether the British Consular agents on the Balearic Islands had been instructed to report at once if Italian troops were present on the islands, the Foreign Secretary, Mr. Anthony Eden, declared that the British Consul in Palma had communicated certain information concerning the conditions on the island which constituted a violation of the non-intervention agreement.

Mr. Eden then admitted that he was aware of the fact that there were Italian volunteers in Majorca, but added that the British Government did not intend to take any steps in the matter, since Legions of non-Spanish nationality were also serving in various parts of the Spanish mainland. —Trans-Ocean Service.

ARMY & NAVY DRAW IN TRIANGULAR HOCKEY TOURNAMENT

F.A. ADOPT FIRM ATTITUDE KOWLOON CHINESE OUT OF SHIELD TWO PLAYERS SUSPENDED

THE Emergency Committee of the Hong Kong Football Association have given a considerable amount of thought to the action of the Kowloon Chinese senior team in leaving the field of play during their Senior Shield game with Club on November 21 following the award of a penalty kick for an infringement of "hands" early in the second half of the game.

The committee have, after two very long hearings and having given due consideration to all aspects of the case, found the Chinese team guilty of gross misconduct and have suspended them from further participation in the Shield Competition this season, thus giving the Club the right of entry into the Second Round. They have also found the captain, Chen Hong-kong, and Mak Sui-hon guilty of misconduct and have suspended the former for the rest of the current season and the latter for two months from to-day.

MACAU SOCCER VICTORY

Ten Recreio Players Lose 4-2

CARVALHO OUTSTANDING

The Grupo Desportivo Tenbroso of Macau, potential champions of the Macau Football League, defeated Recreio Juniors by 4 goals to 2 in their friendly football game at King's Park yesterday. Recreio were greatly handicapped by playing one man short for the greater part of the game, though they were assisted by J. Gomes and A. Alves of the first team. The visitors played robust football and, though unpolished in their methods, they occasionally showed good understanding in the forward line.

The outstanding player on the field was Carvalho, the visitors' centre-forward. He used his weight to the best advantage and worked hard throughout the game. When his side was two goals down he was often seen in the defence assisting them, and, though he did not score a goal, all the goals were a direct result of his scheming.

Another player who was prominent was Badarico, who cleared well. His tackling was sure and he had Gomes and Alves well covered for the best part of the game. In the intermediate line Xavier was a great spoiler and kicked well, but he had a tendency to push and elbow when in contact with an opponent. Lee started very shakily in goal, but improved immensely as the game progressed, bringing off several good saves in the latter stages of the game.

Confidence Shaken

Recreio had quite as much of the play as the visitors, but after they obtained a two-goal lead they were inclined to take things too easily and could not regain their confidence after the visitors had equalised. Figueiredo, in the pivotal position, while tackling well, was badly at fault with his feeding, and in the forward line Gomes attempted too much, while Alves, through lack of support, was not seen at his best and his shooting was poor.

Recreio scored two goals in quick succession through Reis and Maher, but A. Badarico reduced the lead just before the interval. After the resumption T. Badarico equalised, and soon after the same player placed the visitors in the lead for the first time. Good individual play by Carvalho ended in him sending over a perfect pass to A. Badarico, who netted with a fast shot.

Recreio — J. T. Lee, J. Badarico and Coletto, S. Moreira, J. Xavier and P. Moreira; A. Maher, A. Badarico, Carvalho, Badarico and H. Marinho. Recreio — Figueiredo, Gomes and Alves, Marques, Pinto and Garcia; Reis, Gomes, Maher and T. Alves.

H. D. Eunjae and Mrs. Chin Chun-chu, left, last year's runners-up in the Colony Mixed Doubles Lawn Tennis Championship, will meet W. C. Hung, right, and Mrs. Nora Wilson in the Final. Hung is playing well at the moment and the title is likely to go to him and his partner.

THE BOAT RACE"

Direction Of Race Not To Be Changed

London, November 6.—There is little likelihood of the suggestion that the Boat Race next year should be rowed in the reverse direction because of tide difficulties being adopted.

A river authority said to-day that it would make the course most unfair to race from Mortlake to Putney, because it would give such an overwhelming advantage to the crew drawn on the Middlesex station.

There is a difficulty because of lack of suitable tides. The only one convenient is on Saturday, March 12. High tide at Putney that day is 3.5 p.m. and the race could start at 1.30 p.m.

FRIENDLY SOCCER MATCH

Riositas Just Win

In a friendly soccer match played on the Recreio ground on Sunday between the Riositas and the School of Accountancy and Commerce, the former emerged winners after a hard fought game by 2 goals to 1.

Rios Remedios opened the scoring for the Riositas four minutes from the kick-off, but E. M. Marques equalised for the School during the second half. In the closing minutes of the game V. Garcia obtained the winning goal.

British Boxer's Win In The Deutschland Hall

Berlin, November 6.—One of the three British boxers, Tom Curran, of Walton-on-Thame who met German opponents at the Deutschland Hall here last night, was successful. The others, Alf Robinson, the Manchester heavyweight, and Frank Hough, of Battersby, were beaten on points.

It was a good fight between Hough and Adolf Hensler, in which both were repeatedly applauded for their cleverness. Hensler, who has more rapidly than Hough,

MAX BAER KNOCKS OUT WRESTLERS

PUTS THREE MEN OUT OF BOUT

FIGHTER CAN ALWAYS EMERGE WINNER

Boston, November 1.

Max Baer, invited to referee a wrestler's "battle royal," changed his official status half way through the bout and wound up by knocking three wrestlers cold. In this contest six wrestlers started in the ring together, the winner being the last man left on his feet. At first Max dodged aimlessly around trying to fulfil his duties in the correct manner.

However, he began to feel a little wearied after he had been knocked down and out of the ring several times by Ted Germaine, the local bad man. Max finally threw off restraint and let go a right hook. Mr. Germaine immediately lost interest in the contest.

Negro Rescued

Then Maxie went to the aid of a negro who was being twisted between the ropes by two rival contestants. A pile-driving right-hander flattened one on the spot, and a sizzling left sent the other through the ropes into the laps of the ringriders.

There was no one left then but Buck Jones, the negro, who was announced the winner.

"A fighter can always lick a wrestler," grinned Max when the fun was over.

CHAMPION CYCLIST DIES IN U.S.

Zimmerman Winner Of 1,400 Races

WELL KNOWN IN ENGLAND AND ON CONTINENT

Atlanta, Georgia, November 1.—Arthur A. Zimmerman, the former world's champion bicyclist, has died here at the age of 67. For more than twenty years he had lived in Atlantic City, New Jersey, and was here with his wife on a visit.

Mr. Zimmerman was well-known in England where he raced with considerable success during the latter part of the nineteenth century. In 1892, when riding in England, he started in 100 races, finished first in 75, second in 10 and third in 5. The same year he broke the 2,000 and the 3,000 metre records in Germany.

Known affectionately to sports followers as "Zimme," he raced first as an amateur and later as a professional. He won more than 1,400 races during his career and established world records in all cycling distances from one-quarter to ten miles.

He is survived by his widow, a daughter and a sister.

TWO BRILLIANT PERFORMANCES

DAVIES AND HOWLETT IN FINE FORM

BURCH DOES THE "HAT-TRICK"

A VERY fine hockey match was seen on the Navy ground, King's Park, yesterday when the Navy and Army met in the first round of the Triangular Tournament and shared six goals. Features of the game were the brilliant displays of Lt. Davies, R. N., and Spr. Howlett, and but for the latter's splendid work in goal the Army might have lost by a fair margin.

Lt. Burch was also in good form for the Navy and he had the distinction of scoring all their goals, and incidentally accomplishing the "hat-trick."

Another player who did well for the Navy was Lt. Wright while P. O. Holdsworth sent in some very neat passes from the left wing. As far as the Army team was concerned, Alaf Din played very well indeed. Cox made a very safe back, but Capt. Ryland was absolutely off form and as a result was a "passenger" for the greater part of the game.

IDLENESS BAD FOR NEGRO HEAVYWEIGHT

JOE LOUIS TO BE
KEPT BUSY

BIGGEST DRAWING CARD
IN THE RING

HIS EUROPEAN SPRING TOUR

New York, November 23.

MIKE JACOBS, John Roxborough and Julian Black, the triumvirate which guides the destinies of Joe Louis, Detroit "Brown Bomber," agreed here to-day that a rolling stone does gather moss and that an idle fighting machine becomes clogged. Accordingly, Louis' mentors are mapping an ambitious campaign that will keep Marse Joe mighty busy fighting around the United States and Europe during the next six or seven months.

"Idleness does not agree with Louis," Jacobs explained. "The Schmeling fight proved that. If you don't keep him busy he gets loggy. He loses his edge. Even when he's training, his handlers have to keep after him to prevent him from sleeping too much. So it's up to us to keep him busy—if for no other reason than his physical condition."

Jacobs, of the 20th Century Club and Hippodrome, who has a 4-year contract on the "Brown Bomber's" services, added that Louis also could make plenty of money by keeping busy, and that this was an important angle in the career of any boxer—particularly for one of the greatest drawing cards the ring ever

had.

Jacobs estimated that Joe once in Chicago before his bout with Jim Braddock, world champion.

European Tour

In May, Louis and his crew are to make their first trip to Europe. He will fight in Wembley Stadium, London against the best available opponent during the Coronation celebrations.

Walter Neusel, German heavyweight, recent conqueror of Ben Foord, is expected to meet Marie Baer, and the victor in that bout may be Joe's London opponent. After the London engagement, Louis is to box in other European cities.

"We expect to have Louis back in the United States in July," Jacobs said to-day.—United Press.

MENDIOLA SCORES
ANOTHER WIN

HIS THIRD MEXICAN
VICTIM

Los Angeles, November 24. Piling up an impressive list of victories via the knock-out route during his first American appearance, Joe Mendiola, rugged bantam boxer from the Philippines, knocked out Cisco Romeo, Los Angeles Mexican, in the first of their scheduled 10-round bout here to-night.

Andre Leniel of Paris also knocked out Hank Hankinson, promising American heavyweight, in the seventh of a 10-round bout. The bantam brown idol of Manila seemed to have a predilection for Mexican fighters, as to-night was the third time he defeated a Chilcoo-carne matador since his debut in October.

The former bantam titleholder of the Orient weighed 125 pounds while the Mexican tipped the scales at 126. Leniel weighed 221 lbs. to Hankinson's 220 pounds.—United Press.

AUSTRALIA HAVE
GOOD ATTACK
WILL SPIN OVERCOME
SPEED?
WHERE DOMINION HAS PULL

(By "Austral")

Sydney, October 31.

THE following is the second part of a recent article by a famous Australian sports-writer on the probable Australian Testites to defend the Ashes against the invasion of the M.C.C. team, and deals mainly with the Dominion's attack, the biggest question being, "Will spin overcome speed?"

Long, lean, tireless Bill O'Reilly, with his whirling legs and arms, his ability to turn the ball even on hard Australian wickets, his cunning changes of pace, his speed off the pitch, will I expect, have to do most of the bowling.

Grimmett, though never so effective on Australian wickets, will, I think, at least be tried again. He is a nightmare to slow-footed batsmen, and is apt to create a state of juminess in the minds of those who have not faced him before.

There are few fitter men than Grimmett at 44; he looks for new deliveries with scientific precision. When he finds one, he keeps it dark until he gets in the middle.

"Unnatural" Bowler

Australia has also Leslie Fleetwood-Smith, a natural—or, some say, an unnatural—bowler. Used to be right-arm until he discovered his left was more effective.

With Grimmett's brain, Fleetwood-Smith might be one of the greatest spin bowlers in the world. He took a bit of a pasting early in the English tour, but finished by getting more wickets than anyone else, counting all matches.

Impervious To Punishment

Fleetwood-Smith is impervious to punishment. I have seen him applauding more heartily than anyone else when he has been hit for six. He has taken some shocking bittings, and enjoyed some amazing successes.

Australia is less fortunate in fast and medium-pace bowling. Wall has retired, and E. L. McCormick may get his place.

McCormick is a hostile opener, and perhaps McCabe will help him to wear the red of the ball so that O'Reilly and Grimmett can get down to business, with the innocent-looking Chipperfield to provide relief.

Where Aussies Have Pull

The bowling contest lies, broadly, between England's speed—Allen, Barnes, Voce, and Copson, though room cannot be found for all in the same eleven—and Australia's spin. Judicious use of Robins may help to provide a counter-balance to Grimmett.

Pessimism is a characteristic of English cricket. My friend, Mr. Neville Cardus, recently in relation to England's bowling, quoted Wellington—"I do not know the effect of these troops upon the enemy, but, by God, they frightened me!"

I should not set the English attack as low as that. England has not only compared with O'Reilly, but we have not got England's fast bowling resources. England's bowling might turn out superior to that of the defenders. But I think Australia will be better in batting and fielding.

Great Men Move Early

Great men move early from the scene out there. Woodfull and Ponsford retire simultaneously, but Brown and Fingleton step into their shoes as opening batsmen.

While we are deplored the lack of all-rounders, Chipperfield steps in and wins a Test match with slip catches and a superb fighting inning when the acknowledged champion falls.

Those still available who helped Australia to win the Ashes in 1936 are as good as ever, some of them better. The new young men will need to be good to push their way into proven company which does not rest on reputation.

der the jurisdiction of the Hong Kong Football Association that the most serious notice will continue to be taken by the Emergency Sub-Committee acting for and on behalf of the Council of that Association of all cases of such gross misconduct as has been the subject of the present investigation.

And C.R.C.

W. C. CHOY RETURNS TO
THE COLONY

Club de Recreio "A" conceded only one game to St. Andrew's "A" in the Senior Division of the Men's Doubles Badminton League last night, and only after a keenly contested game between S. A. Gray and A. E. P. Guest, who, in their first game of last night's fixture, defeated Recreio's second pair by 23 aces to 22.

The Free Lancers sustained a similar defeat at Causeway Bay, Anderson and Fisher being credited with their only win. W. C. Choy, who had just recently returned from Shanghai, strengthened the Chinese team, who, in their first match against Recreio were severely beaten.

The Juniors

Only two fixtures in the Junior Division were decided last night. Kowloon Tong "A" managed, after a plucky struggle, to secure two games out of the nine, against King's College. They introduced a new player in S. F. Smedley, who gave a very creditable display. He outshone his partner, J. A. de V. Soares, who has shown little improvement since the beginning of the season.

A. Chan showed a vast improvement in his partnership with Norman Mackay, and was mainly responsible for winning the game against King's College's first string, H. T. Woo and H. N. Chung.

MASQUERADE IN TUNIC AND HELMET FINED

Edward Hugh Beard, an entertainment manager, of Mitcham-road, Tooting, was, at Kingston last month summoned for wearing a dress having the appearance of a police uniform at Esher.

Colin Stewart King, of Talgarth-road, West Kensington, said he was driving his car along the Portsmouth-road, Esher, when he was overtaken and stopped by another car.

A man wearing a policeman's helmet and tunic got out of the car and told him that he had exceeded the speed limit in a built-up area.

The "policeman" examined witness's licence, and said, "That is all right; you must be more careful in future. He then went back to his own car.

In "Fancy Dress"

"He could not start his car," continued the witness, "and I got out and assisted him.

"I naturally thanked him for letting me off."

"There were three other men in the car. I became suspicious, and reported the incident."

Beard told the court that he was out with some friends celebrating the fact that he had just come out of hospital.

The uniform he wore was one used for fancy dress functions. He had looked upon the incident as a joke.

He was fined 5s and costs.

PIT ENQUIRY "SCENE"

Heated Altercation At Hearing

There was a heated altercation between Sir Henry Walker, Chief Inspector of Mines, and Mr. J. A. Hall, a Yorkshire miners' representative when the public enquiry into the Barnsley pit disaster was continued last month.

After medical evidence had been given that of the 58 men killed 55 bore evidence of carbon-monoxide poisoning. Mr. Hall was questioning a witness when Sir Henry told him he had already had a reply.

Mr. Hall exclaimed: "I wish you would give over interrupting, Sir Henry."

Sir Henry: You mind your own business, and never mind about interfering.

Mr. Hall: It is not fair for you to continue interfering.

Sir Henry said: "You are not putting questions. You are making deductions."

EXPLANATION OF TO-DAY'S CARTOON

The Wonder Worker

THE American Houdini took his name from the French magician, Houdin, whose true name was Robert (1805-1871). Robert-Houdin is the originator of most of the magic tricks used to-day, like the inimitable bottle and box, the horn of plenty, air suspension, handkerchief magic, etc.

In 1856, when the Algerian tribes threatened to rebel against the French domination, the Paris Government sent Houdin to Algeria to demonstrate the superior magic of the white man to the chieftains of the rebellious tribes. The Frenchman met and easily defeated all Oriental magicians and as a result the revolt was nipped in the bud and the tribes surrendered. This is the only example of magic used as a modern political factor.

SIGNOR TOEPLITZ

Sir Patrick Hastings remarked in a case last month: There is a gentleman whose name I cannot pronounce, a Mr. Toeplitz, I think.

The gentleman he was referring to is Signor Ludovico Toeplitz de Gran Ry, the Italian film producer, who was D'Annunzio's Foreign Secretary in Fiume and Signor Grandi's comrade-in-arms in the Alpini during the war. Signor Toeplitz's grandfather was an Austrian official, and the name is pronounced "Terplitz" as in German.

Italians with alien-sounding names are common in Italy owing to the centuries of foreign domination of that country. Signor Suvich, for instance, who till recently was Foreign Minister and is now Ambassador in Washington, has a purely Slavonic name.

LESS ENIGMATIC?

It seems that the true history of the Sphinx is not to remain for ever a mystery. As Egyptologists continue to dig round it they find objects which help to unravel the "mystery."

Prof. Selim Hassan's latest discovery of a stele, or tablet, important as it is, will, however, hardly clear up the matter. It only confirms the inscription on a previously discovered stele stating that the monument was erected in honour of Ra, the Sun God.

These continued excavations certainly do not add to the impressiveness of the Sphinx. To-day the great figure loses much from the fact that a large part of the body is well below the surface.

Most of the illustrations that one sees show only the head and shoulders. Even the photograph in one of the Egyptian rooms of the British Museum is quite out of date.

Your Daily Smile!

Curiosity

The man in the dock had been there many times before and for the same offence, each time pocket-picking—and there seemed to be no reason why he should not be sent to prison again. The magistrate asked him whether he had anything to say.

"Yes, yer worship," said the prisoner. "I'd like this 'ere case put off for a week. My lawyer's ill."

Mr. Justice: "What?"

The man: "I'd like this 'ere case put off for a week. My lawyer's ill."

The magistrate smiled.

"But you know perfectly well that you were caught by two policemen with your hand actually in the gentleman's pocket. What could your lawyer say in your defence?"

"Yer worship," said the prisoner earnestly, "that's wot I'm curious to know."

The Betrayal

The room was filled with little girls

in pink pinafores and pigtails. They sat in rows at wooden desks as quiet as mice. The lesson concerned coins of the realm, and they had been through the entire range, from farthing to sovereign.

One little miss, however, was singularly inattentive. Her gaze was

fixed on a playful sparrow on the window-sill, and she had no thought for coins.

Suddenly the teacher pounced upon her. Placing a half-crown on the desk, she exclaimed: "What's that?"

"Eads," came the instantaneous reply.

GIANT REDWOODS IN CALIFORNIA TREES REACH MAJESTIC HEIGHTS

TIMBER 2,000 YEARS OLDER THAN CHRISTIANITY

(By Frank Lyman)

THE coast redwoods of Cali-Founder's Tree, standing on North Dyerville flat in Humboldt County, is 364 feet tall.

However, one of the Sierra cousins, the California Tree in General Grant National Park, is 310 feet high.

There is a difference in their lumber content, and it has been estimated that while a big coast redwood has lumber sufficient for 20 five-room bungalows, a Sierra redwood would produce double that number.

6,167 TONS WEIGHT

And as for weight, the "largest living thing in the world," the General Sherman Tree in Sequoia National Park, would tip the beam of a great imaginary scale at 6,167 tons. It would take several thousand automobiles to balance it.

Bark of these trees, which protects them from the ravages of fire, is from one-quarter to a foot thick in the case of the coast redwoods and from six inches to two feet in the Sierra tree.

Scientists know the coast tree as *Sequoia sempervirens*, the *sempervirens* meaning "always living," and the Sierra tree as the *sequoia gigantea*. *Sequoia* is taken from the Indian chief of that name.

Coast redwoods like rain and fog. They extend from just north of the California border to a little south of the Big Sur country in Monterey and are rarely found more than sixty miles inland.

The Sequoia gigantea likes altitudes and is found from Tulare County, in which Sequoia National Park is situated, to Placer County near Lake Tahoe, where a small, isolated grove still stands. Altitudes at which it grows are from 3,000 to 8,000 feet above sea level.

The range of the coast redwood is thus about 450 miles, that of the Sierra redwood about 250.

NEW BARRISTER ADMITTED

Mr. D. J. N. Anderson To Practice Here

CHIEF JUSTICE'S GOOD WISHES

There was a very pleasant ceremony in the Chief Justice's Court this morning when Mr. Donald James Neville Anderson, B.A., (Hong Kong), LL.B. (London), was admitted to practice as a Barrister-at-law in the Supreme Court of Hong Kong, and Mr. Bertram Carmichael Hobbs was enrolled as a solicitor. Both motions were moved by the Attorney-General, the Hon. Mr. C. G. Alabaster, and His Honour the Chief Justice, Sir Atholl MacGregor, acceding, wished Messrs. Anderson and Hobbs both very successful careers here.

In moving Mr. Anderson's enrolment, the Attorney-General said:—

"This is a motion for the approval of admission and enrolment as a barrister of Mr. Donald James Neville Anderson. I am instructed that Mr. Anderson was born on October 21, 1912, and was educated at the Diocesan Boys' School. He left in 1928 after matriculating and went to the University, winning the King Edward VII Scholarship. He graduated in 1932 (B.A.), and went to London and read for the Bar at Gray's Inn and was called in January this year. He also took the degree of Bachelor of Law, London, this year, and he intends to practice in the Colony."

His Honour the Chief Justice said, "Mr. Attorney, I thank you for putting the motion before the Court. It gives me great pleasure to accede to the petition and to approve of Mr. Anderson's admission and enrolment as a barrister of this Court."

"Mr. Anderson, you have a very proud record not only academically but also—though this is not a matter within judicial notice—in the field of sport. You will find the Bar a little depleted here and I am sure you will bring additional enthusiasm to it, and I hope your career here will always be a happy and successful one."

Solicitor Enrolled

The Attorney-General then moved the enrolment of Mr. Bertram Carmichael Hobbs as a solicitor of the Supreme Court. He said that Mr. Hobbs passed his final examination in 1932 and has since been admitted to practice in England, and also that he had served a year with a legal firm in Calcutta.

In acceding to the petition His Lordship wished Mr. Hobbs a very successful career. Mr. Hobbs is joining the firm of Messrs. McCullum and Company.

THEFT OF TELEPHONE CABLE

Tsoi Cheung, aged 25, unemployed was this morning fined \$100, in default six weeks' hard labour, by Mr. Fraser at the Central Magistracy when he pleaded guilty to the theft of 14 feet of iron pipe and six feet of telephone cable at Deep Water Bay on Sunday. Mr. A. C. Jeffries of the Hong Kong Telephone Co. said that the piping and cable in this particular instance had been dug up, and they happened to have been old ones and not actually in use. If a cable in use had been dug up the South side of the island would have been isolated.

FLATS COMPLETE WITH BARS

"Pub" Licence Inherited

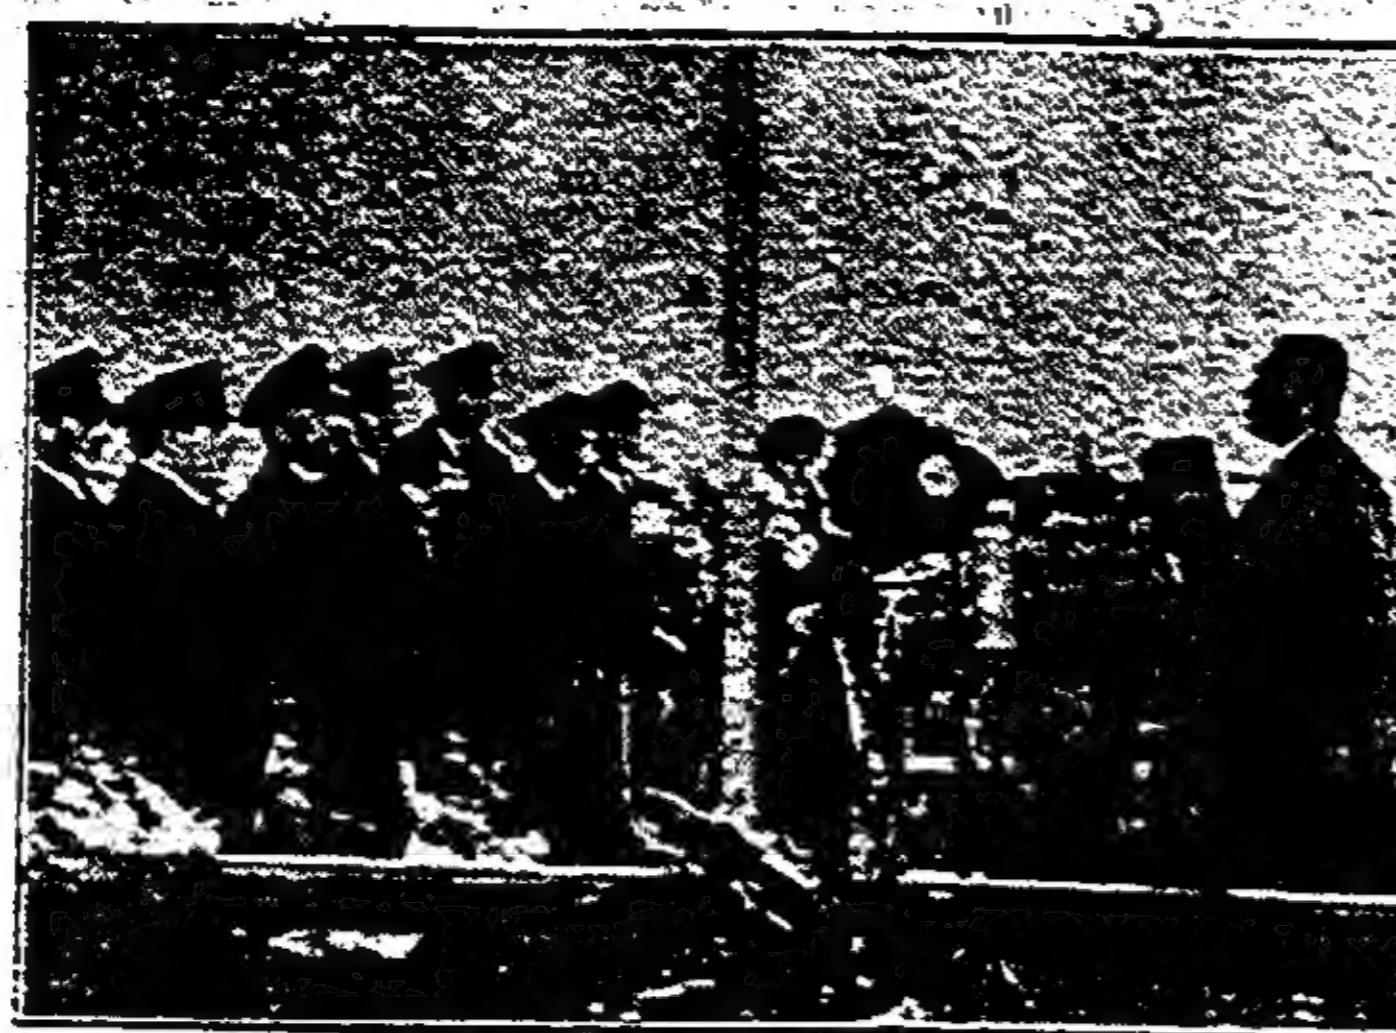

A large block of luxury service flats has been built in Mayfair on the site where there stood, until last year, the famous old Burlington Hotel.

St. Regis as this new building will be known, has frontages on Cork-street and Old Burlington-street.

It differs from the majority of the big modern flat buildings because it has the privilege of a full "public-house" licence.

This is explained by the fact that the licence which belonged so long to the old hotel has passed on to its modern successor.

There are two large cocktail bars in addition to a big restaurant.

EVACUATION BY BRITISH SHIPS

Facilities Cannot Be Assured Indefinitely

London, To-day. In a Commons answer yesterday the Foreign Secretary, Mr. Anthony Eden, stated that British warships would continue to evacuate British subjects from Spain when and where possible, though those who remained had been warned that the facilities could not be assured indefinitely; but the British Government had recently given notice that they were no longer able to accept responsibility for the evacuation of foreign nationals. In accordance with their humanitarian aims they would continue to evacuate such persons as appeared to them to be deserving of their assistance, provided His Majesty's ships were available for the purpose.

Moreover, British diplomatic and Consular officers in Spain were keeping in touch with the authorities on both sides in Spain and with the representatives of the International Red Cross, with a view to facilitating the evacuation of further members of the civilian Spanish population.—British Wireless Service.

POLICE CALLED TO HOUSE

Man Charged With Wounding

GIRL SHOT WITH AN AIR PISTOL

Frank Mead, aged 31, a commercial traveller, of Dukes-avenue, Muswell Hill, was charged at North London last month with wounding Margaret Mary Hamm in a house at Stroud Green-road, Finsbury Park, by shooting her in the right hand with an air pistol with intent to cause grievous bodily harm.

Miss Hamm, who is a waitress, lives in Brookside-road, Highgate. Detective-Inspector Tasker said that at 6.30 one night, in response to a telephone call, he went with Detective-Sergeant Elliott to a house in Stroud Green-road.

In the kitchen he saw Mead, Miss Hamm, and two other young women. Miss Hamm pointed to Mead and said, "He has just shot me in the hand." Her right hand was bandaged.

Mead made no remark. Miss Hamm went to hospital, and the officers searched the kitchen.

Inspector Tasker produced a large air pistol, which he said he found loaded in an armchair covered by a coat.

The Magistrate (Mr. Claud Mullins): Would it kill?

"At short range, I think it is possible," was the reply.

Mead, when detained, was alleged to have said: "She's asked for it." When charged, Mead replied: "I was not responsible for that."

Bail Refused.

The officer said he did not know what Mead meant by that answer. Miss Hamm was quite capable of giving evidence.

Mead was remanded, his application for bail being refused.

BAG-SNATCHER CAUGHT

European Children's Pluck

WONG-NEI-CHONG ROAD INCIDENT

The pluck of two European children, Master Peter Cook and Miss Derin Stephens, both aged 11, together with the assistance rendered by Wong Kau, seaman of a fire boat, resulted in Chan Kwong, aged 20, unemployed, being arrested after he had snatched the handbag of Mrs. D. M. Stephens in Wong-wei-cheong road yesterday. The handbag contained among other articles \$40 in cash.

Defendant was sentenced to six weeks' hard labour when he pleaded guilty to the charge before Mr. J. A. Fraser at the Central Magistracy this morning.

Detective-Sergeant Dowman said that about 3.30 p.m. yesterday the complainant and the children were walking along Wong-wei-cheong road between the Foot-ball Club and Craigmengow Cricket Club. Defendant came from behind and snatched the bag and ran past. The incident was witnessed by the children and they, with the complainant, raised the alarm. The defendant ran down a lane into a backyard closely followed by the children. There he tried to extract the contents of the bag, but only took out some letters. When the children reached him he threatened them but did not strike them, and brushed by them and ran into Leighton Hill Road. A seaman, Wong Kau, bearing the children shot, joined in the chase and arrested the defendant. The bag was in the defendant's possession up to the time that he was seen to throw it away.

Defendant told the police that he stole the bag as his mother was sick, but when His Worship asked him if he had anything to say in his favour, defendant made no reply.

(Continued from Page 1)

Mr. Eden's Statement

London: Speaking in the House of Commons yesterday when answering a question put by a member, Mr. Anthony Eden, the Foreign Minister, made a declaration on the German-Japanese anti-Bolshevik treaty. Mr. Eden stated that the text of the agreement signed in Berlin on November 25, by representatives of the German and Japanese Governments, had been communicated shortly before publication to the British Ambassadors in Berlin and Tokyo by the respective foreign Governments.

Mead made no remark. Miss Hamm went to hospital, and the officers searched the kitchen.

Inspector Tasker produced a large air pistol, which he said he found loaded in an armchair covered by a coat.

The Magistrate (Mr. Claud Mullins): Would it kill?

"At short range, I think it is possible," was the reply.

Mead, when detained, was alleged to have said: "She's asked for it." When charged, Mead replied: "I was not responsible for that."

MOTOR DRIVERS' CLAIM

Summary Court Action Fails

DISMISSED HIMSELF

The Standard-Vacuum Oil Company was sued for \$40, being wages in lieu of one month's notice, by a former employee, Lo Yum, before Mr. Justice J. J. Hayden at the Summary Court yesterday afternoon.

Plaintiff, who was not legally represented, claimed he was dismissed without any notice on October 30 by defendant company from his position as a motorcar-driver.

Appearing for the defence, Mr. G. S. Ford applied for permission to have the evidence of Mr. N. Johnson, Manager of the Transport Department of defendant company, heard first as he was leaving by the s.s. Conte Rosso.

The request was granted, and Mr. Johnson, in the witness-box, said that plaintiff's duties were to drive and look after one truck and one Ford passenger car, No. 245.

Plaintiff was dismissed summarily on October 31 last for failing to obey orders. Plaintiff was supposed to see that the oil ran through the glass tubes on the dashboard of the truck and he had been told that if the oil ever failed to flow through these tubes he must stop the engine at once.

Engine Burnt

On July 17 or 18, plaintiff did not stop the engine when the oil failed to flow, with the result that the engine was burnt up and had to be repaired at the cost of \$30. Plaintiff was then told that if a similar incident occurred again he would be liable for damages and dismissal.

The engine was again burnt up on October 29, following plaintiff's failure to stop it when he found the oil did not run into the tubes. On that day, he had made a visit to Tai Po, and on his return he reported that he examined the oil pump and found nothing wrong, but drove the truck anyway into Laichikok. The engine took twelve days to be repaired at a cost of \$30.

As regards the Ford passenger car, witness said that on one occasion plaintiff damaged the battery by failing to put water in it.

On October 27, he received a complaint regarding plaintiff's refusal to change the tyres of the car, and as a result of this and the damage to the engine, he dismissed him.

Compensation For Dismissal

Giving evidence, plaintiff said he brought the claim in order to obtain compensation for his dismissal so that he might not suffer so seriously through the loss of his employment. He denied he had been told by Mr. Johnson to stop the truck when the oil failed to flow into the glass tubes.

Giving judgment for the defendant company, with costs, His Lordship said he was satisfied that plaintiff had failed to obey his orders to stop the truck when he saw the oil had stopped flowing into the glass tubes.

Li Hon, aged 26, was admitted to the Government Civil Hospital after he had attempted to cut himself with a piece of bowie while a prisoner at the Central Police Station.

The body of Chan Sang, aged 48, a widow, living at No. 444 Shanghai Street, was removed to the Public Mortuary yesterday. She was killed when she jumped into the backyard of her house.

Because he is in good health at 60, and feels fit for another 20 years, Mr. Robert G. Rudd, a master saddler of Jewry-street, Winchester, has sent £1,000 to the Royal Hampshire County Hospital.

In a letter to the hospital he says: "I started 35 years ago saving this money by means of a life assurance endowment policy, and now, at nearly 60, as I find myself fit for another 20 years' full normal work, I would rather give this money for a good purpose than attempt to use it for any purpose of my own."

He suggested that beds be named after his two daughters.

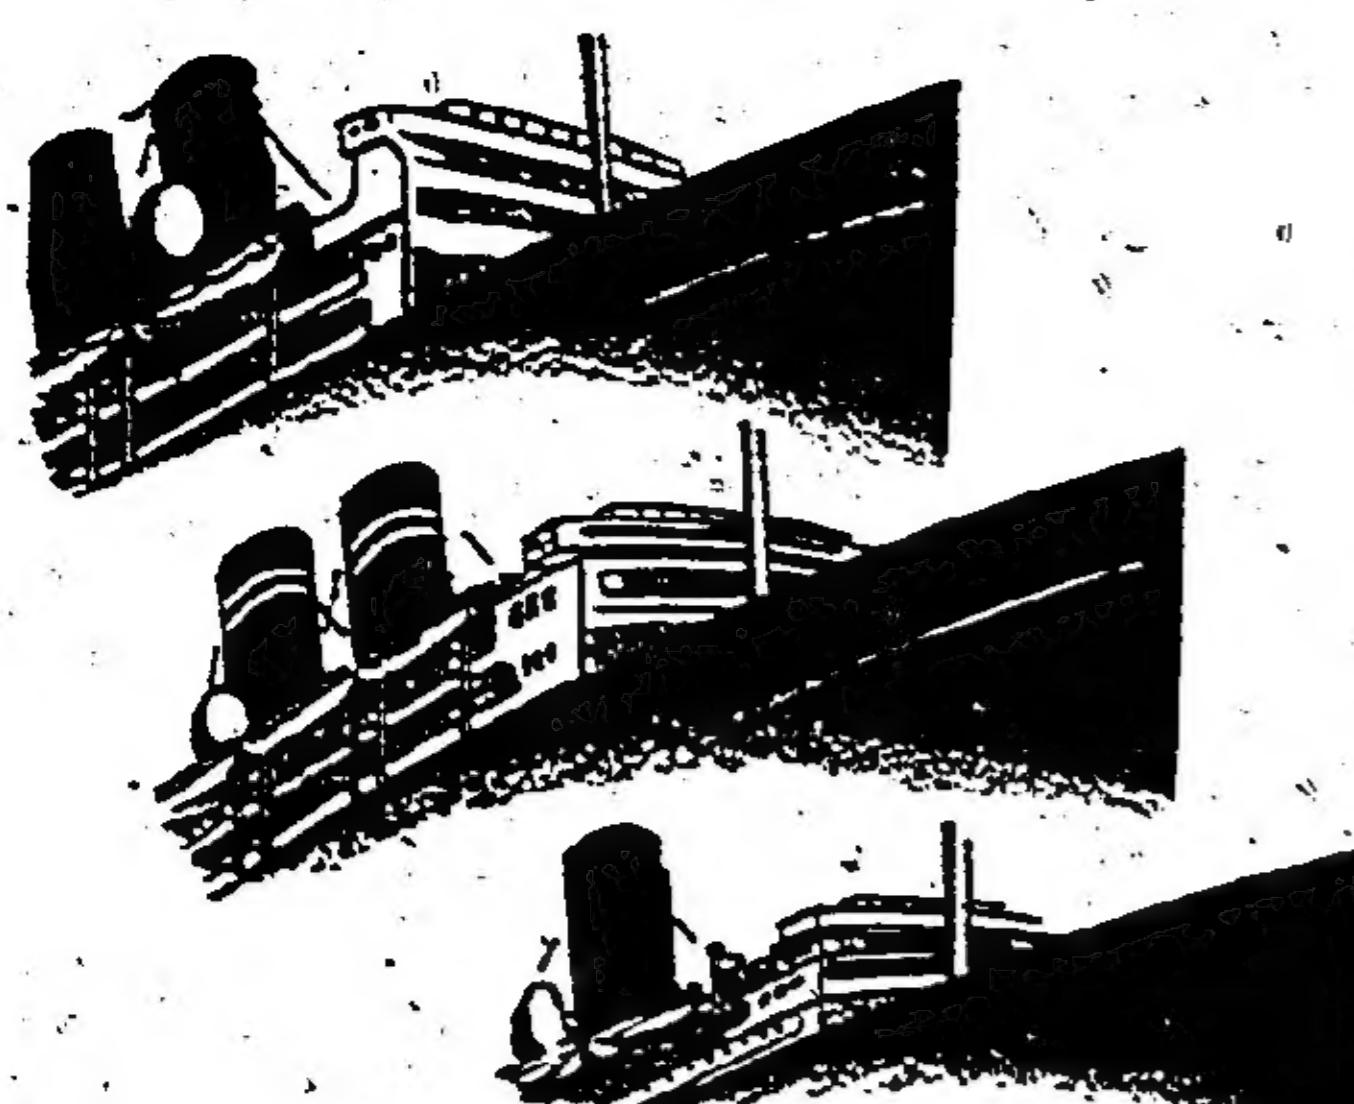

Speculatively in the previous year, the Committee appeal once again to all members to make an endeavour to induce as many of their friends as possible who are interested in gardening to join the Society.

Cinema Notes From The Theatres

THE LAST OF THE MOHICANS—KING'S THEATRE

A true picture of the early American Indian and the early American pioneer is offered in "The Last of the Mohicans" with Randolph Scott, Binnie Barnes and Henry Wilcoxon heading a truly all-star cast.

The tribal life, times and customs of the Mohican Tribe of the Upper New York State in the middle years of the eighteenth century are vividly and faithfully reproduced with no pity or synthetic sympathy injected. Brave Uncas Magua is there, as is Nettie Bumppo or Hawkeye, the eternal pioneer.

Others prominently featured in the cast are Bruce Cabot, Heather Angel, Phillip Reed, Robert Barat, Hugh Buckler and Willard Robertson.

Philip Dunne prepared the screen play of the familiar story of love and adventure in a country in the making from an adaptation by John Balderston, Paul Perez and Daniel Moore. George E. Seitz directed the film, which was produced by Edward Small and the musical background is by Nathaniel Shilkler.

"SAN FRANCISCO"—ORIENTAL THEATRE

"San Francisco" promises to be one of the most talked-about pictures in many months.

First it teams three of the most popular screen stars for the first time—Clark Gable, Jeanette MacDonald and Spencer Tracy. It is a picture brimming with romance, love, comedy, beautiful music and excitement.

Clark Gable offers one of his greatest characterisations as Bladie Norton, owner of the most popular resort on the Barbary Coast, Jeanette MacDonald is superb as the country girl who starts her singing career on the Barbary Coast and rises to great operatic heights, only to return to the Coast because of the man she loves. Spencer Tracy scores in an unusual role as a kindly priest who chooses the wicked street for his evangelistic work. In the excellent supporting cast are Jack Holt, Jessie Ralph, Ted Healy, Shirley Ross, Margaret Irving, Harold Huber and Al Shean.

"SUZY"—MAJESTIC THEATRE

Jean Harlow in "Suzy" is based on the best-seller novel of the same title by Herbert Gorman.

Two of the ace leading men of the screen support Miss Harlow in this production in the persons of Franchot Tone and Cary Grant, each of whom is seen as Miss Harlow's husband in respective portions of the exciting story.

The romance, intrigue and drama in the precarious lives of those who stand behind the scenes of international espionage form the background of the plot, which centres about an American girl stranded in London. The girl, Suzy, unwittingly becomes entangled with spy activities and stumbles upon the evidence which leads to the execution of a woman counter-spy and the shattering of her romance with a young officer.

RADIO: To-day's Programme

"LADY BE CAREFUL"—QUEEN'S THEATRE

Gag-filled, rapid fire dialogue, written by the unbeatable trio of Dorothy Parker, Alan Campbell and Harry Ruskin, marks the Paramount farce comedy of sailors and girls.

The picture features a cast headed by Lew Ayres, seen as a timid sailor who gains a reputation for prowess with women; Mary Carlisle, Larry Crabbe, Benny Baker, fainted radio comic; Grant Withers, and a host of screen comedians. Its story, new in theme and treatment, revolves around an odd bet made by Ayres' shipmates.

Ayres, who has won his dynamite reputation by accident, is urged to attempt to get a date with a Panama dancer, the most beautiful girl in the city, who is known to have no interest whatever in sailors. His friends bet that he'll date her and get from her a ribbon, as proof of her affection.

How the sailor wins the bet for his friends, at the same time winning the girl as a wife, forms the hilarious plot.

"I DREAM TOO MUCH"—STAR THEATRE

"I Dream Too Much" has Henry Fonda, latest of Hollywood's young actor sensations, in the male lead opposite Miss Lily Pons, Osgood Perkins, veteran star of the New York stage, and Eric Blore, the English comedian, are other principal players in this lavish production.

While music naturally plays a dominant part in the picture, the story is said to develop delightfully human drama that is of high interest entirely aside from the songs, sung only as Lily Pons can sing them.

Miss Pons combines two grand opera arias and four popular songs in her vocal selections. The arias are Caro Nome from Verdi's "Rigoletto" and the Bell Song from Delibes' "Lakme." Both are from opera which Miss Pons has sung to international acclaim.

"Locky on the Carrousel," "I Got Love," "I'm the Echo" and "I Dream Too Much" are the numbers.

Petite, beautiful and vivacious, the French-born and educated Miss Pons reveals a new talent as a brilliant actress and comedienne.

"CRASH DONOVAN"—ALHAMBRA THEATRE

Danger rides the highway in "Crash Donovan", the thrilling Universal drama which features.

The dynamic Jack Holt, starred in the role of a motor-cycle officer of the California Highway Patrol. In the opening sequences Holt is seen as a daredevil motor-cycle stunt rider with a carnival. He decided to join the motor-cycle patrol when he falls in love with the daughter of its commander.

Later he and his police partner battle a gang of smugglers, whom they pursue over the highways at 50 miles an hour. Chasing the criminals to their stronghold, Holt and his brother officer finally capture them in a climax filled with exciting events. In addition to its drama "Crash Donovan" furnishes an interesting picture of the hazardous work of the motor-cycle police.

Supporting Holt, Nan Gray portrays the girl in the case and John King is his partner in the Highway Patrol. Other roles are played by Eddie Acuff, Ward Bond, Hugh Buckler, James Donlan, and Douglas Fowley.

BRIDGE NOTES

Differences In Players

By Sir Colburt

The three classes into which contract players usually are divided—expert, average, and novice—are not accurately descriptive. In the first place, there should be at least six divisions. Even then, there would be considerable difference between the best and the worst player in each group. But that is not the only objection to summary classification. An important feature often is overlooked entirely: that is the type (not the calibre) of the player under discussion.

Let us, for example, compare two experts. Both know the game from A to Z. Their bidding and their play are almost faultless from a purely technical point of view. But one of them inclines so strongly toward conservatism that in every close bidding question he foists the ultimate decision on his partner and, in the play, he puts safety measures (even when they spell defeat) above opportunism. The other expert, far from side-stepping his responsibilities, plans his bids and his plays to be not only technically

Coming Far-Eastern Conference

London, To-day. The British Government will give full support to the enquiries proposed by the Health Organisation of the League of Nations into the problems of malnutrition in tropical countries, according to an answer given by the Foreign Secretary, Mr. Anthony Eden, in the Commons yesterday. Mr. Eden added that in April last a circular despatch was sent to all Houses of the Colonial dependencies asking for a full survey of the question and directing their attention to its importance.

The Prime Minister had recently appointed a committee of the Economic Advisory Council to advise and make recommendations on nutritional matters in the Colonial Empire. This Committee would keep in close touch with the work of the League of Nations. Moreover, the subject would form an important part of the agenda of the conference on Rural Hygiene in the Far East, to be held in Java next summer under the auspices of the Health Organisation, and steps were being taken to ensure that strong delegations would attend from all the British Colonial dependencies concerned. — British Wireless Service.

THE LEAGUE OF NATIONS

Eloquent Plea For Support

"CHINA MAIL" SPECIAL

Paris, To-day. Three French societies whose aim it is to recruit support for the League of Nations have decided to join forces and amalgamate. Senator Paul Boncour, the permanent representative for France at Geneva, has agreed to accept the chairmanship.

In the first combined recruiting meeting held at Geneva M. Paul Boncour spoke eloquently on the weaknesses of the League as constituted hitherto, and demanded that those Powers which were determined to ensure peace by the application of the principles of the League of Nations must all work together to give collective security a firmer foundation. — Trans-Ocean Service.

SECURITIES TO BE DEPOSITED

Ruling In Germany Modified

"CHINA MAIL" SPECIAL

Berlin, To-day. A second announcement concerning the obligatory deposit with an exchange bank of all foreign securities, made on November 30, supplements the first announcement made on November 29, which the second notice in some ways modifies. The period within which foreign securities must be deposited is extended to December 11.

Moreover, some groups of persons exempted from compulsory deposit, namely, (1) persons who by general international usage are free from the obligation to pay direct taxes, for instance, persons who belong to the diplomatic service and enjoy extra-territoriality; and (2) nationals of foreign States who are not at the same time German subjects, and whose foreign securities are situated in foreign countries. — Trans-Ocean Service.

Gilbert And Sullivan: To Be Presented On Films?

Mr. Rupert D'Oyly Carte is considering the latest American offer to film the Gilbert and Sullivan operas.

But that does not mean that Gilbert and Sullivan is likely to be seen on the screen—at least for a very long time.

For years American film companies have been tempting Mr. D'Oyly Carte with lavish offers, and he has considered them all—and said "No" every time. He owns the copyright in the operas.

This time it is Paramount who are said to be negotiating, but, at Mr. Rupert D'Oyly Carte's office last month it was stated that even to suggest negotiation was premature. Mr. D'Oyly Carte is

THE ROPE OF HER SIDE

"Started Work Only Last Monday"

Judgment debtor, at Shoreditch County Court last month: I can't afford to pay half a crown a week. I'm full of doctor's bills.

Solicitor: I understand your daughter is earning £1 a week.

Defendant: She will do; she started work only last Monday.

Judge Lilley made no order.

Canton, To-day.

The foreigners, seeing that they lost tremendous amounts of ammunition and foodstuffs to the Chinese Government troops when the latter recaptured Paklingmiao, have transported their stores from Changpi back to Dolon during the last few days. It is learned that instead of undertaking offensive activities, they are making defensive preparations in Changpi and Shantung, fearing that the Chinese troops will launch a counter-offensive on the bandits in Shantung. Besides, the surrender and mutiny respectively of the troops of the Mongolian bandit Wang Ying and the Manchurian bandit Li Shou-suen have caused both the foreigners and the bandits considerable concern. It is also learned that Prince Teh will renounce his independence from China and that Li Shou-suen will surrender to the Chinese Government.

As Paklingmiao is the place at which the bandits and foreigners have worked for two years as their principal base for the invasion of Suiyuan, they are now concentrating their troops in Bokoochi with the intention of capturing the place again. Having heard of this yesterday, Generalissimo Chiang Kai-shek cabled to General Chen Sheng, his High Staff Officer, and General Fu Chai-ye, Chairman of the Suiyuan Provincial Government, to hold on to the place with all their might.

Well-informed circles state that a fierce battle will be started near Paklingmiao between the Chinese Government troops and the bandits or probably the foreigners themselves. It is reliably reported that after attending the military conference at Kweisui, the capital of Suiyuan, on Sunday, all the Chinese military officials have returned to the front line.

GEN. CHIANG FOR CANTON?

Canton: Rumours are current here that Generalissimo Chiang Kai-shek will come down to Canton again. It is learned that he has already completed the national defence plan in North China, and as South China needs his services for the mapping out of the whole scheme for the same purpose, he will probably be in the city some time this month.

CAR PARKED IN WRONG PLACE

Dr. Maude Royden Fined

Dr. Agnes Maude Royden, of Nestlewood, Bayles Hill, Sevenoaks, was fined £1 at Sevenoaks last month for causing an obstruction with her car for three-quarters of an hour in London-road, Sevenoaks.

Mr. Allen, for Dr. Royden, said she had been misled. There were signs above and below her car giving her to understand she was leaving her car between the limits of two "no parking" areas.

The Magistrates' Clerk said that it was between these signs that she should not have parked.

The total for the eleven months of this year is £197,010,049. — British Wireless Service.
